

# Maritime Mobile Radio Telegram Award

issued by Prof. Braun Day

The "Maritime Radio Telegram Award" is given to licenced radio amateurs, shortwave listeners and former radio officers of the merchant marine and navy. It remembers to the era of wire telegraphy and its usage in the maritime mobile service. Museum ships and other institutions of maritime radio may obtain the award by an official request.

## A Radio Amateurs and short wave listeners have to:

- 1) Build coast station call signs (3 letters) out of the amateur call signs data you worked from at least three different countries where coast stations have been working in the past.

The call signs to form must denote one station from each of the continents:

North America	Europe	Asia
C&S America	Africa	Australia

- 2) Connections to own country of the applicant did not count.
- 3) Only data from Morse Code connections count
- 4) Only data for connections after 24th September 1900 count
1. Connections to Prof. Braun Day DL0PFB, Lizard GB2LD, Poldhu GB2GM and Villa Griffone IY4FGM count as 'Joker' and replace a complete coaststation call, but only once. All qso are given points for competition, Joker stations count for multipliers. See in 'forms' Special stations.
- 6) Call signs might be found in <http://www.seefunker.de> and the pages "Coast Station / list selected" of [mmqtc-award.org](http://mmqtc-award.org)

## B Former Radio Officers and operators of maritime radio in the merchant marine or navy get the award on request by sending a copy of their radio certificate.

- 7) Send your application and 10 Euro or 10 US Dollar cash. From outside Germany please add 5 Euro for postage, you may pay by **PayPal**.

Adress your tag to :

Prof. Braun Day  
c/o Juergen Gerpott  
Rebhuhnweg 21  
D 22880 Wedel  
Allemagne - Germany

- 8) Give a Fairplay statement
1. The award fee is to pay for forwarding and handling. Money in excess is used for Prof. Braun Day and its efforts in preserving the history of wireless.
